James and Charles were very very cooperative as we trailed our journey from the start to the end. Alikira Richard guided the two students till the end. This same project was submitted as a graduation project for the two students [James and Charles] We hope you find this work usefull , abstract: For many years students have been applying to colleges manually. The manual Application system has made the process difficult, leading to some of the students giving up and others applying late.The ineffectiveness of the manual Application system pushed the researchers to conduct this study so as to identify the weaknesses of manual students Application system, identify possible solutions to the identified weaknesses. The study was carried out in Tanzania, and data was collected from four regions of Tanzania namely Dar es Salaam, Morogoro, Dodoma and Iringa. During data collection, several college students, secondary school students, registrars and parents were interviewed. It was found out that, the manual system wastes a lot of time especially when students are many. Other weaknesses included; lack of consistence, difficult in data retrieval among others. And an online Application system was seen as the only solution to the perceived problem.PHP and MySQL were used to develop an online Application system. The system can be accessed via the web by simply typing the address of the system server...
