Coracle Books, United Kingdom, 2013. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The West is in decline? Chapter One of Aphrodite Rising deals with the thinkers who believe it is. The rest of the book advances a brand new idea: the West rests on two strands of thought inherited from its Greek origins - the Platonist (spiritual) and Aristotelian (materialist and scientific). Both are needed but one - the Platonist - has been eroded and the result is a lopsidedness leading to decay. The concept of a Creator-God is at the heart of the decline - it poses too many problems for the Aristotelian wing. The problem with atheism is explained and the evolution of Western consciousness traced, with a chapter on the inability of science to account for it. The book also points out that materialism and the spiritual aren t incompatible. Other chapters explain Platonism, with the practical example of Oscar Wilde who became a Platonist in jail. Finally, the book suggests how Platonism and Christianity can be brought together, hence Aphrodite Rising.
